SUMMARY

Passionate and results-driven Front-end Developer with 1 year of experience in creating responsive, user-friendly web applications. Proficient in HTML, CSS, and JavaScript, with a strong understanding of modern front-end framework and library such as React.js. Passionate about staying updated with the latest web technologies and enhancing skills to drive innovation and exceed client expectations.

EXPERIENCE

Frontend Developer (May 2023 – Present)

Geekworkx Consultancy Pvt Ltd

- Developing and maintaining the front-end code for single-page applications (SPA) using React Js, ensuring the application's stability and adaptability.
- Collaborated closely with backend developers to develop, integrate APIs and translate design concepts into functional and visually appealing application.
- Implemented best practices for optimizing web performance, including lazy loading, code splitting.
- Teamed closely with designers to successfully implement engaging and responsive pages.
- Developing a mobile based attendance app using React-Native and Expo.

Frontend Developer – Intern (January 2023 – March 2023)

Youthility Enterprise

- Responsible for converting UI/UX design to code, implementing it for building dynamic and responsive websites.
